

Diabolic - middle part

Tabbed by rlegendi - <https://guitar.rlegendi.com/>

Dance With the Dead

The Shape

Standard tuning

♩ = 100

This is the part at 1:03 in the song. Might seem a bit tricky, but the main melody is the same, only the bass is moving around and needs a bit of adjustment of the fingering. The 2nd finger is not moved at all, can be a basis to find your own fingering.

Left/right fingering is the same, unless noted otherwise.
